

Jira (jira.atlassian.com)

22.2_{/100}

Brand deviation score

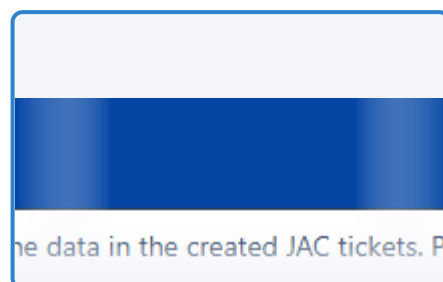

54 / 54

Passing WCAG contrast checks

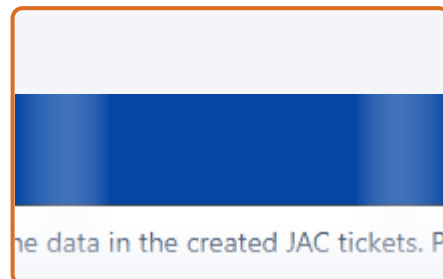

Deviation score: 0 is fully on-spec, 100 is maximally drifted from the brand's own token spec. Contrast checks: independent of the score above — WCAG 2.1 is an external, objective standard, not this brand's own choice.
